Sigma Refrigeration

<https://www.sigmarefrigeration.in/>

Sigma Refrigeration is a leading manufacturer of cold storage room, Industrial refrigeration plant, puf panel and many more ,deals accross Pan India

About Us

Established in the year **1977**, we "**Sigma Refrigeration**" has etched a reputable name for itself in the domain of Manufacturing and trading varied kinds of Industrial Condenser, Cold Storage, Electrical Panel Board and Heat Exchanger. This range is manufactured using qualitative raw material sourced from the famed vendors of this industry, in compliance with the industry set quality parameters. These products are widely appreciated for their compact design, robust construction, dimensional accuracy and reliable performance. Furthermore, we also provide Cold Storage Turnkey Project and Cold Storage Consultant Service.

Our organization is supported by a state-of-the-art infrastructure facility, which is spread across a sprawling area. This unit consists of advanced manufacturing unit, quality testing unit, and warehousing and packaging unit. These units are managed by a team of highly experienced professionals who are qualified and experienced. With the support of this personnel, we are able to offer an unmatched range of products to our clients. We also check the quality of these products to offer defect free range to our clients.

Under the guidance of our mentor, "**Mr. Yash Pal Bhola (Proprietorship)**", we are able to capture the demands of our clients within the stipulated time frame. His industry experience and ability to cater the demands of clients help us in offering the superior quality range to our clients.
